Dear Chief:

After providing our data files to you for Certification, it was discovered that the NEW VALUE was not reported in the data. The problem occurred due to all of the programming changes that were made due to the HB 9 personal property exemptions. We are not able to send corrected data to you because our system looks at the files that are created at certification and compares it for any current changes. The NEW VALUE resides in the system, so it does not see it as a change. We have the new value amounts. It just did not put the values into the send away data files.

We are providing you a copy of our certified recap that shows the NEW VALUE for each jurisdiction. You will need to forward this to the appropriate individuals for effective tax rate calculations.

We truly apologize for the inconvenience this has caused and are available to answer any questions you may have.

Sincerely,

Joshua Roeder, RPA
